Myrtle Trace

A Newsletter by Myrtle Trace Residents for Myrtle Trace Residents

July 2023

BOARD BRIEFS

The first order of business at our June 21st meeting was a pleasant one. We happily accepted a donation of lounge chairs for our pool given by Jan and Steve Notte. The eight lounge chairs and matching tables were donated in memory of Jan's parents, Art and Chris Terhune, who were long-time residents of Boxwood Lane. We thank them for their thoughtful gift to the Myrtle Trace pool.

FURTHER BOARD ACTIONS:

SIGNS

The Board approved the Property Committee proposal to install 14 signs throughout Myrtle Trace, marking our area as "Private Property" with "No Trespassing", "No Soliciting" and where appropriate "No Fishing" and "No Dumping". The signs will be standardized red and white metal signs 12x18 and 12x24, securely attached to metal posts and coated to protect against spray painting. They will be placed at both entrances as well as Loblolly, Candlewood and other areas throughout the community. The Board approved signs will eliminate the need for individual homeowners to post signs and will fulfill the legal requirements for enforcement. Our thanks to Tom Gray and Tina Hurley for spearheading this project.

BUNTING ELECTRICAL BOX

The Board approved money for a new weatherproof electrical box at the front entrance near the end of lake Bunting. The box controls the irrigation system at the front entrance and is in need of replacement now that the irrigation system has been repaired. Like many of us, it was feeling its age.

INCONVENIENT PEAR TREES

In keeping with Murphy's Law, another pear tree decided to drop a large limb at a most inconvenient time. The first incidence was near Boxwood Lane on a Sunday morning – the second was near the intersection of Myrtle Trace Drive and Cedar Ridge Lane at 9:30 pm. In both cases large limbs blocked the road. Thanks to a number of our residents and their portable saws who helped clear the limbs from the road which were hauled off by Hardee Maintenance the next day. We know our pear trees tend to drop limbs as they reach the end of their normal life span of 25 years. Rather than remove all the pear trees at once, we decided to deal with them as necessary and approved the removal of the rotted trees and stumps. We are working on a plan to replace them with something more appropriate.

ACTIVITIES COMMITTEE

NOTE DATE: The Community 4th of July picnic will be held on Sunday, July 2, 2023

The Activities Committee met on June 12th and the next committee meeting is August 14th at 7:00 pm. You are invited! No meeting in July.

Your Myrtle Trace 40th Anniversary celebration planning is very exciting! Mark your calendar with all these great events:

. **OKTOBERFEST**—September 23rd, 6 to 9 pm. Bavarian dinner with beverages, photo booth, a special door prize and music by the Munich Oktoberfest in the background.

. **MYRTLE TRACE HISTORY PRESENTATIONS**—by Tom Allen, the original architect of our community, with a slide show showing the beginnings of our community. Presentation dates are October 1st at 2:00 pm and October 12th at 10:00 am so everyone has a chance to come and enjoy.

. **CAFE YESTERYEAR**—on October 4th at 10:00 am with coffee and cake for the original homeowners who still live in our development. More details will follow in August.

. **CHOWDER COOK-OFF**—will take place on October 9th at 5:30 pm. Bring a crockpot of your favorite chowder recipe or just come and enjoy. The winner of the competition will have their recipe published in the News and Views.

ACTIVITIES COMMITTEE—*continued from page 2*

. **MYRTLE TRACE OPEN HOUSE**—October 15th at the Clubhouse. Stop in any time between 3:00 pm and 6:00 pm to enjoy the exhibition provided by Ron Grove who will also answer any questions about the beginnings of our community. Refreshments will be provided as well as piano music by Jeff DiMaio.

. **MYRTLE TRACE ART SHOW**—Saturday and Sunday, October 21st and 22nd, 1:00 pm to 4:00 pm. Myrtle Trace residents are encouraged to display their art in the Clubhouse for all to enjoy. See the flier in this issue of News and Views for more details.

. **MYRTLE TRACE AUTO & WHEELS EXTRAVAGANZA**—Residents who want to show off their classic cars, motorcycles and golf carts should bring them Saturday, October 21st to Pear Tree Circle for all of us to enjoy. The rain date will be Sunday the 22nd.

. **HALLOWEEN PARTY AND DANCE**—Saturday, October 28th, beginning at 6:00 pm, featuring the Forever Doo Wop group. Costumes are optional but there will be a prize for best costume.

Bob Smith

.....
PROPERTY COMMITTEE

. **VOLUNTEERS NEEDED DURING EMERGENCY SITUATIONS:** Should an emergency occur at night when our ground crew have gone home. For example: A tree branch falls down and blocks the road. We need volunteers to sign up to lend a hand with a chainsaw and be willing to help drag fallen limbs and branches to the side of the road. **YOUR HELP IS VITAL AND NEEDED.** Please contact Liz Maass: 843-421-4533. Leave your name, address and phone number. We will put you on our list and call during a time of need.

. **THANK YOU:** A big thanks to John Beam and Thor Kongvold who volunteered to patch up our entrance signs and repaint them. To Jan and Steve Notte for donating eight (8) chaise lounges to our pool area in memory of Jan's mother, Chris Terhune. These lounges are higher and easier to get in and out of. The Property Committee and entire community thanks you!

A big thanks to the following people who helped clear and saw a huge pear tree branch that fell, blocking our gate and road late one evening recently: Leo and Marie Reger, and Tom Gray, Jr. The people who reported it and those who helped drag branches off the roadway: Ann Golden, Anne Kongvold and Liz Maass.

. **MAIL TUBES:** Those of you who subscribe to the Sun News and have faded or broken mail tubes can contact the newspaper and they will replace them. If they are not black, you will need to paint them black.

. **ROADS:** To all, should you notice roots coming through any part of our roads, please contact your Phase Rep. listed on the back of your Telephone Directory.

. **RETENTION PONDS:** For your information: When cutting grass near the ponds, if the grass go into the ponds it will start unwanted weed growth.

. **MOLE HOLES:** One product that is used in the spring is called MOLE POISON PEANUTS which are put into the hole. The mole eats it and dies. It can be purchased at Ace Hardware, Lowe's, etc.

. **HOA PROPERTY:** Dumping is prohibited on HOA property. A \$100.00 fine will be issued! If a tree is to be cut on HOA Property, the homeowner will be notified. It is strongly suggested that the homeowner mark/flag where their watering system is as the stump will be ground.

Liz Maass

MYRTLE TRACE-MART

GIVEAWAY - Free equipment: wheelchair (used), walker, cane, grabber for reaching, shower chair, bed-side commode (new). Contact Amanda at 843-267-4511. (7)

BUY - Collector looking for electric trains and toys made between 1920's and the year 2000. Good condition important. Call Ron at 843-234-1814. (6)

SELL - Horizon RC-30 stationary bike. \$40.00 or best offer. Call Bob at 843-446-9845. (5)

MYRTLE TRACE-MART

Myrtle Trace-Mart is a service of the News & Views which accepts NO responsibility for any claims made in an ad. Ads for businesses conducted by Myrtle Trace residents or others will not be accepted. Ads will be published for three (3) months unless cancelled or renewed via email or phone call to the Newsletter Coordinator at: carol.blonowicz@gmail.com or 585-880-8925.

CLUBHOUSE GUIDELINES

Our Clubhouse is a very busy place and used by many residents enjoying a variety of activities. In order to ensure everyone’s comfort, there are guidelines in place governing the use of the Clubhouse. Occasionally we all need a few reminders of what’s expected of us when we use the Clubhouse:

- * Be considerate of your neighbors, especially when sharing the space with another activity. Remember, the library is always available as a more private game room.
- * Leave the Clubhouse the way you found it or better!
- * Any issues with the bathrooms or thermostat should be reported to Thor Kongvold, Herman or Debbie Rebocho. Numbers are available in the Directory by the phone.
- * Make sure the fire lane in the copy room is CLEAR – not only when you leave the Clubhouse but while your group is using the Clubhouse. Our occupancy rate requires that we have three fire exits available all the time.
- * If you need a wheelchair or walker, you’re welcome to borrow one from the Clubhouse but please remember to sign it out.
- * Borrowing tables and chairs is also available to residents – provided they are signed out and PROVIDED there are no scheduled activities which may require use of all our tables and chairs. Check the calendar on the back of the Directory. (Pat Paxson is in charge of the calendar.) More on borrowing tables and chairs as we get closer to our 40th anniversary celebration.
- * We’re working on making the sound system more reliable and user friendly – please don’t change the settings – we have technicians for that.
- * The Clubhouse and the activities we enjoy there are open to all residents. If you want to use the Clubhouse for a private party, contact Pat Paxson to make the arrangements. You’ll be asked to complete a request form and make a returnable deposit.

COMMUNITY BLOOD DRIVE

While we enjoy our summer activities and vacations, the Red Cross has announced the usual summertime blood shortage. We have been invited to join other communities in our area on July 14 to “Give the Gift of Life”. If you can donate blood, call Susan Granger to make an appointment.

Enjoy your summer and all the things that Myrtle Trace has to offer. Our next meeting will be on July 19th at the Clubhouse at 9 am. All are welcome!

Nancy Seeds

COMMUNICATIONS COMMITTEE

The Communications Committee would like to thank Leonard Sansone for his donation of an American flag which he received from the USO. It will certainly be put to good use in honoring our country and community.

We’d also like to acknowledge and thank Leonard for his service as a drummer in the USO where we understand he entertained our troops worldwide. Thank you Leonard for making a difference to our service men and women.

Mary Johnsen Schaeffer

40th Anniversary

1983 to 2023

More interviews with long-time residents who were here from the beginning.

Horst Marzahl – 1200 Loblolly Lane

Horst and his late wife, Maureen, moved to Myrtle Trace in 1997 from the Albany, New York area. Their original plan had been to move to Naples, Florida, but Maureen thought it was too far from family. They began to drive along the coast as they wanted to be near the beach. They eventually saw a billboard with Walter Cronkite's picture advertising the Myrtle Trace Retirement Community. They contacted a salesperson and were pleased to learn that the floorplans could be customized. The lot they chose had been sold previously but the original buyers reneged and the Marzahl's felt fortunate to get it as the lot offered the privacy they desired. They saw how well things were being constructed in Phase VIII and Horst was very impressed.

He retired in 1995 after working as an ironworker for 30+ years. His wife had been a homemaker, seamstress and bookkeeper. Horst and Maureen enjoyed activities at the Clubhouse and Maureen attended coffees and a knitting group. Horst said retirement is the best time of life "as long as you have your health". He enjoyed, and still does, gardening, painting with oils on canvas, wood carving, making things out of leaded glass and making duck decoys. His paintings are wonderful, and I, as the interviewer, can attest to the quality and beauty of all of it. He is one of Myrtle Trace's hidden gems!

Tom and Judy Dovey – 248 Cottonwood Lane

Tom and Judy moved to Myrtle Trace from Baltimore, Maryland, within two days of retiring. Before that, they would come to Myrtle Beach to play golf and in 1987 they began looking at housing developments. One of the courses they played was Burning Ridge so it was natural to check out Myrtle Trace. They had also looked in North Carolina and Florida. There were only three houses on Cottonwood Lane when they first looked. They put a down payment on a lot on the golf course in November of 1993 and come down on weekends. They moved into their home in June of 1994. They liked the ambience of Myrtle Trace; the trees, the neutral colors of the homes and the overall prettiness of the neighborhood.

Tom and Judy each joined golf leagues in the community and were active in the Newcomer's group. At that time, the group had to find restaurants willing to cater to 100 people as all the new "Tracers" were a part of the group. They were able to meet so many people this way. Judy said Tom Allen made suggestions on ways they could change the layout of their home which they were very happy with. Over the years, Tom has had a lot of hobbies including painting, woodworking and stained glass. His latest hobby involves a 3D printer. They have been very happy with their years spent in Myrtle Trace.

40th Anniversary

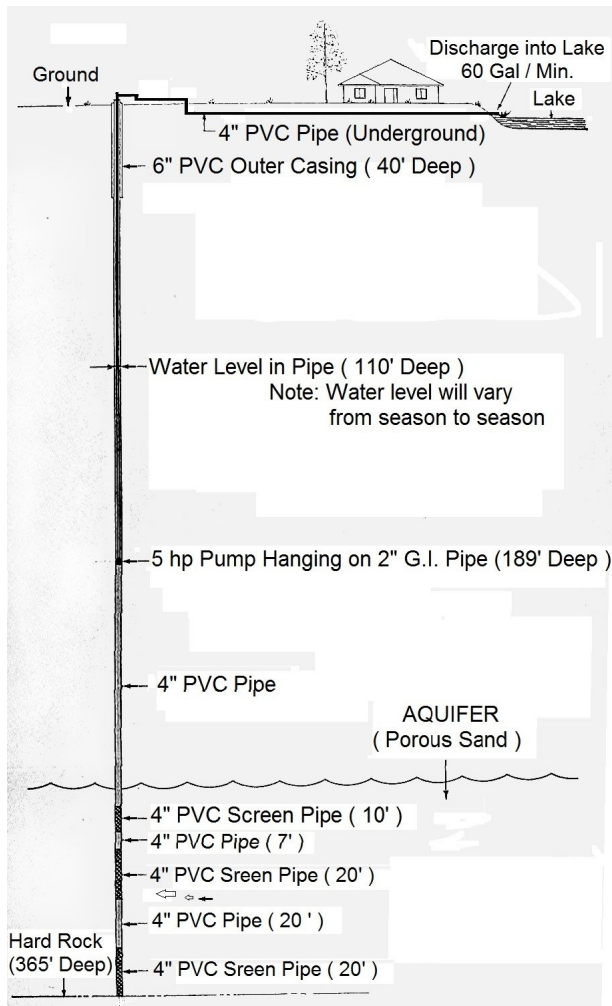

1983 to 2023

A Time To Reflect Continues.

Think about the vision and the resources needed to plan and transform a thick forest of pine trees and dense myrtle undergrowth to this picturesque and tranquil community of over 500 residences. **It took 15 years to build.**

If you are interested in learning more about Myrtle Trace's growth and development, these subjects and more will be openly discussed on Sunday, October 1 at 2:00 pm and on Thursday, October 12 at 10:00 am in the Clubhouse. Seating is limited and reservations will be required. Details to follow at a later date.

Q This is a diagram of our first one. What is it? When and where was it built? Why did we need it?

Q Other than dense woods, what existed in the area surrounding Myrtle Trace in 1983? Hint: not much!

Q Who were the main players when construction of Myrtle Trace started, and who built your house?

Q Myrtle Trace was Glen Hall's vision. Just who was he?

Q When was the second 18-holes of Burning Ridge Golf Course (abutting Myrtle Trace) built?

Q What lesson did Myrtle Trace learn from Hurricane Floyd in 1999?

Q What are the differences between the houses in Phases I and II and those in Phases III through VII? And why?

REMINDERS, NOTICES, HELPFUL TIPS

MYRTLE TRACE “GET ON BOARD” SESSION

When: Sunday, July 30, 2023 at 3:00 pm

Where: Myrtle Trace Clubhouse

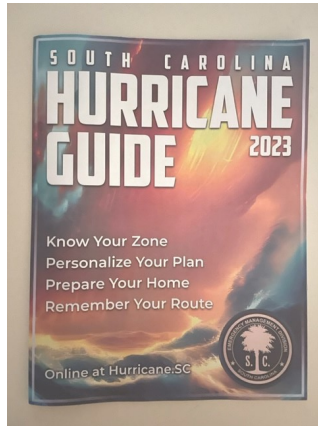

Past presidents will share experiences and answer questions regarding the various aspects of serving as a member of the Myrtle Trace Board of Directors. This is a great opportunity for any resident who has considered running for the Board or is just interested in learning some of the “behind the scenes” of being a Board member. This is an informal session, with no-holds-barred, and the event is open to all Myrtle Trace residents.

Please contact Nancy Southard (843) 347-3885 for more information and reservations.

2023 HURRICANE GUIDE

Look for your home-delivered copy within the next several days.

Keep handy during the June-November hurricane season.

ANY HELP IS APPRECIATED

St. James Catholic Church in Conway is participating in a service project serving the homeless. Plastic grocery bags are being collected and repurposed into sleeping mats and distributed to area organizations that serve members of the community in need. The goal is to collect 15,000 bags.

Bags can be dropped off at 115 Birchwood Lane.

Marie Tantillo

BEAVER ACTIVITY NEAR MYRTLE TRACE

“The Ditch” along the perimeter of our community conveys water drained from Myrtle Trace to the Intracoastal Waterway. It is a key element of flood prevention. It is also inviting to beavers. These industrious rodents build dams in the waters of the ditch and impede the flow. Beaver activity has been noted in the ditch and the Board notified the Horry County Storm Water Department. A representative from the department dispatched a trapper to locate and remove the beaver.

Bob Ebling

MONTHLY LAWN CARE RECOMMENDATION

A second application of fertilizer may be made from mid to late July but always make sure to fertilize based upon your specific grass. Centipede, for example, does not accept excessive amounts of nitrogen and may be damaged by too much fertilizer.

Source: Brad Fowler, Urban Horticulture Agent, Clemson Extension Service
